

Elevate DME and O&M to DevSecOps

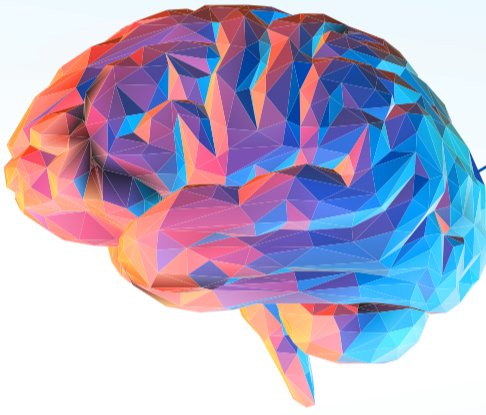

TIPPING POINT

Total Federal IT Spending by Type (in Billions)

Source: GAO analysis of agency data. | GAO 16-468

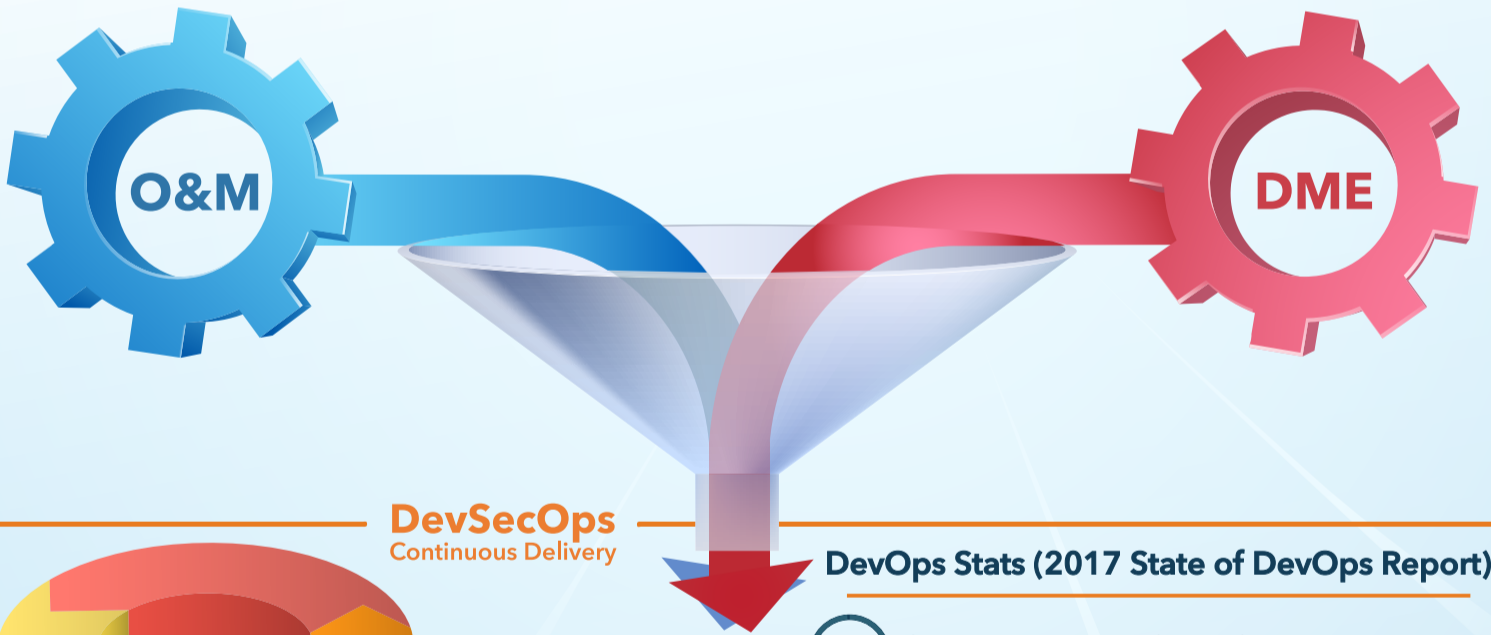

WHY DevSecOps

DevSecOps empowers developers to work on more high-level work - creating greater value from dollars spent.

- Accelerate innovation
- Boost performance
- Increase velocity
- Optimize IT costs
- Improve security

ALL ROADS LEAD TO DevSecOps

DevOps Stats (2017 State of DevOps Report)

- 24X** faster recovery from failures
- 20X** number of releases
- 22%** less time spent on rework
- 50%** saved time remediating security issues.

GET ON THE ROAD

- | | |
|--------------------------------------|---------------------------|
| Learn, Assess, and Set Goals | Develop a DevOps Playbook |
| Practice Being Agile | Scale Adoption |
| Establish a Culture of Collaboration | Evolve to DevSecOps |
| Automate Your Pipeline | Fuel the Journey |
| Pilot DevOps | Keep Evolving |

PYRAMID'S RESULTS
